

Working Harbor Committee

New York Water Taxi Circle Line Downtown

A series of special Hidden Harbor Tours® exploring the many issues and plans arising from Super Storm Sandy, from the Working Harbor Committee.

Beyond Sandy is a special series of narrated Hidden Harbor Tours® that focus on the array of global warming and sea-level rise protection alternatives being discussed by government, private institutions and citizens. Special guest speakers will discuss and pose questions such as:

Tour 1 - High Seas on the Inner Harbor

This tour is from the Verrazano Bridge on the south to Hoboken, NJ on the north, including East & Hudson Rivers, Brooklyn, Manhattan, Staten Island & New Jersey, plus the Statue of Liberty & Ellis Island. See where giant sea gates are proposed.

Tour 2 - Fire, Floods and Floating Containers

This tour traverses the East River from Newtown Creek Queens to Governors Island, including the East Side of Manhattan, Newtown Creek & Brooklyn Navy Yard. Then over to the Kill van Kull to Newark Bay, including container terminals, oil docks, tug yards, & rail yards. Learn how close we came to a goods delivery crisis.

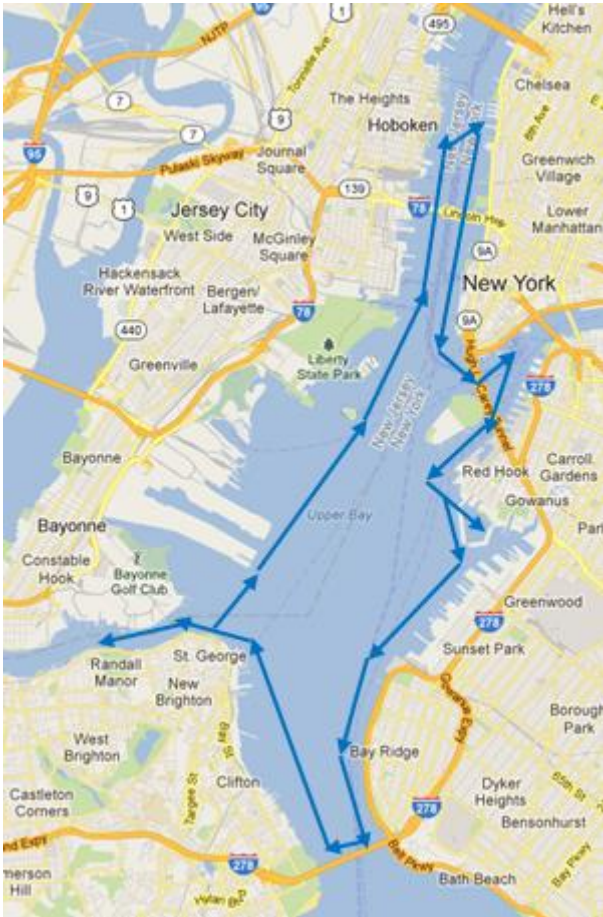

Schedule

- June 11 - Hidden Harbor: **North River Tour with Bill Miller**
- June 18 - Beyond Sandy Tour 1: **High Seas on the Inner Harbor**
- July 9 - Hidden Harbor: **Newark Bay Tour**
